Examiner

Jeffrey E. Russel

Art Unit

1654

--The MAILING DATE of this communication appears on the cover sheet with the correspondence address --

THE REPLY FILED 04 June 2004 FAILS TO PLACE THIS APPLICATION IN CONDITION FOR ALLOWANCE. Therefore, further action by the applicant is required to avoid abandonment of this application. A proper reply to a final rejection under 37 CFR 1.113 may **only** be either: (1) a timely filed amendment which places the application in condition for allowance; (2) a timely filed Notice of Appeal (with appeal fee); or (3) a timely filed Request for Continued Examination (RCE) in compliance with 37 CFR 1.114.

PERIOD FOR REPLY [check either a) or b)]

- a) ☒ The period for reply expires 3 months from the mailing date of the final rejection.
- b) ☐ The period for reply expires on: (1) the mailing date of this Advisory Action, or (2) the date set forth in the final rejection, whichever is later. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of the final rejection.
- ONLY CHECK THIS BOX WHEN THE FIRST REPLY WAS FILED WITHIN TWO MONTHS OF THE FINAL REJECTION. See MPEP 706.07(f).

Extensions of time may be obtained under 37 CFR 1.136(a). The date on which the petition under 37 CFR 1.136(a) and the appropriate extension fee have been filed is the date for purposes of determining the period of extension and the corresponding amount of the fee. The appropriate extension fee under 37 CFR 1.17(a) is calculated from: (1) the expiration date of the shortened statutory period for reply originally set in the final Office action; or (2) as set forth in (b) above, if checked. Any reply received by the Office later than three months after the mailing date of the final rejection, even if timely filed, may reduce any earned patent term adjustment. See 37 CFR 1.704(b).

1. ☐ A Notice of Appeal was filed on _____. Appellant's Brief must be filed within the period set forth in 37 CFR 1.192(a), or any extension thereof (37 CFR 1.191(d)), to avoid dismissal of the appeal.
2. ☐ The proposed amendment(s) will not be entered because:
- (a) ☐ they raise new issues that would require further consideration and/or search (see NOTE below);
- (b) ☐ they raise the issue of new matter (see Note below);
- (c) ☐ they are not deemed to place the application in better form for appeal by materially reducing or simplifying the issues for appeal; and/or
- (d) ☐ they present additional claims without canceling a corresponding number of finally rejected claims.

NOTE: _____

3. ☒ Applicant's reply has overcome the following rejection(s): See attachment.
4. ☐ Newly proposed or amended claim(s) _____ would be allowable if submitted in a separate, timely filed amendment canceling the non-allowable claim(s).
5. ☒ The a) ☐ affidavit, b) ☐ exhibit, or c) ☒ request for reconsideration has been considered but does NOT place the application in condition for allowance because: See attachment.
6. ☐ The affidavit or exhibit will NOT be considered because it is not directed SOLELY to issues which were newly raised by the Examiner in the final rejection.
7. ☒ For purposes of Appeal, the proposed amendment(s) a) ☐ will not be entered or b) ☒ will be entered and an explanation of how the new or amended claims would be rejected is provided below or appended.

The status of the claim(s) is (or will be) as follows:

Claim(s) allowed: None.Claim(s) objected to: None.Claim(s) rejected: 1-15.

Claim(s) withdrawn from consideration: _____.

8. ☐ The drawing correction filed on _____ is a) ☐ approved or b) ☐ disapproved by the Examiner.
9. ☐ Note the attached Information Disclosure Statement(s) (PTO-1449) Paper No(s). _____.
10. ☐ Other: _____

Art Unit: 1654

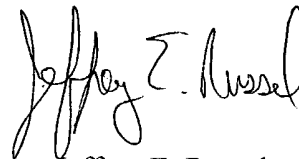

1. Applicants' response filed June 4, 2004 did not mention anything concerning surrender of the original patent, which is required before this reissue application can be allowed. See section 3 of the final Office action.
2. The supplemental reissue oath/declaration referred to at page 9 of Applicants' response has not yet been received at the time of preparation of this advisory action. Assuming that further amendments to the claims are necessary in response to this advisory action, a supplemental reissue oath/declaration dated on or after the date of the further amendments will be necessary. See sections 5 and 6 of the final Office action.
3. The proposed amendment to the claim for priority will overcome the objection set forth in section 7 of the final Office action.
4. Applicants' proposed amendments to the claims filed June 4, 2004 did not correct the amendment format for claim 13, amended in the response filed January 16, 2004. See section 8 of the final Office action.
5. The proposed amendment to claim 5 filed June 4, 2004 would not overcome the rejection under 35 U.S.C. 112, second paragraph set forth in section 9 of the final Office action because the claim still states that glutamine is present at position 1 in LHRH. It is suggested that at proposed claim 5, line 6, "in LHRH" could be deleted, or alternatively, that the entire insertion at proposed claim 5, lines 5-6, could be deleted as being redundant to the structure recited at lines 3-4 of the claim. The remaining rejections under 35 U.S.C. 112, second paragraph, set forth in the final Office action would be overcome by the proposed amendments.
6. The proposed amendments filed June 4, 2004 would overcome the claims objections set forth in sections 10 and 11 of the final Office action.

Art Unit: 1654

7. The proposed amendment after final rejection filed June 4, 2004 would overcome the obviousness rejection set forth in the final Office action.
